

BREAK-THRU™

Dual Action Emergency Drain Opener

Drain and Septic Products

Spec Sheet #S00114
April 2005

Specifications

BREAK-THRU™
Dual Action
Emergency Drain
Opener

DESCRIPTION

Hercules BREAK-THRU Dual Action Emergency Drain Opener is a patented formula combining active oxygen, concentrated bacteria and specialized enzymes to help degrade waste faster, effectively and with no disturbance to natural balance. **Dual Action Emergency Drain Opener** is an easy-to-use; non-splashing dry formula that restores flow to clogged drains. It digests fat, protein, paper, oils and starches. **Hercules BREAK-THRU** products are biodegradable, with no harsh chemicals or harmful bacteria. It's safe for humans, animals, and plants. **Hercules BREAK-THRU** products contain an exceptionally large quantity (billions) of a unique blend of specific enzymes for targeted, safe, and efficient drain/septic system maintenance and treatment. They effectively break down waste blockage, and without harsh chemicals that can interfere with the natural balance of the system and damage drains.

APPROVALS AND LISTINGS

N/A

SPECIFIC USES

Drain line maintenance and treatment.

SPECIFIC APPLICATIONS*

Degrades waste and restores flow to clogged drains.

PHYSICAL PROPERTIES

Specific Gravity: 1.5
Solubility in water: Soluble
Boiling Point: N/A
Appearance/color/odor: Tan and White with Black Particles.

WARNINGS OR CAUTIONS

- Read all cautions and directions carefully before using this product.
- **KEEP OUT OF REACH OF CHILDREN.**
- **SKIN and EYE IRRITANT; Do not get in eyes, on skin, or on clothing.**
- Do not use before or with any other chemicals, such as ammonia, acids or bleaches.
- Store in a cool, dry place and keep tightly closed.
- Avoid breathing dust or mist before and during use.
- Do not take internally.
- Never add water to container.
- Rinse empty container and do not reuse.
- Not for use in dishwashers or clothes washers.
- Do not use with pressure devices or plungers.

DIRECTIONS FOR USE

Remove drain strainer and any standing water from drainage area. Add 2 ounces (4 tablespoons) of **Dual Action** directly to drain and add one cup of warm water. If drain is seriously clogged, allow **Dual Action** to work for a minimum of 15 minutes. If system is not restored, repeat application one time only. For preventive maintenance, follow same directions but allow **Dual Action** to sit for one hour. Maintenance treatments are recommended once a month.
